PA	History B			Video Gaming
PE C	ICT			
Product Design	PE A			
RMT	Photography B			
Textiles	Science			
Video Gaming				
Video Production				

Drama: Yr11 will only have homework at certain stages of the course. Until October half term students will be working on our final piece of coursework and there will be some home planning before the controlled conditions written work which has to take place in school, although this may not be every week. After Christmas there will be line learning and preparation for a practical exam at the end of April.

Design Technology: theory is taught at different stages in the year and theory homework will be set when theory is taught. Students are also expected to complete controlled assessment updates when appropriate.

Homework is set on a weekly basis and students are given a week before it's due.

Media homework will be set regularly on the VLE until the exam after Christmas. After that, homework will be as necessary to complete coursework tasks.
